### DONATE TODAY

The Pet Pantry is independently funded and operated by volunteers, relying on the generosity of donors and businesses. Monetary donations allow the purchase of necessary items as well as assist clients with veterinary bills when desperately needed.

We at Community Sharing's Pet Pantry cannot imagine, so our mission is to help clients who have hit hard times be able to keep their pets. We know that many people will share their own food if it is the only way to feed their furry friends. This important extension of Community Sharing allows clients and their pets to both eat healthier every day!

**Can You Imagine...**  
...the agony of taking your pet to a shelter because you can't afford to feed him/her?

**Two of the Most Frequently Asked Questions**  
**Q.** Do all clients receive pet food if needed?  
**A.** The Pet Pantry works within specific guidelines to be certain that every family receives their fair share of food and services for their pet.  
**Q.** Is money donated to Community Sharing shared with the Pet Pantry.  
**A.** No. Donations are kept separate to make certain the integrity of the Outreach Center's Mission remains focused on feeding the hungry.
